## An Amazing Amount of Comfort...

Designed for recreational park trailers in permanent locations, Suburban's Park Model furnaces pack a large punch in a small unit. The P-40 has the same cabinet size as the NT-SQ and NT-SEQ Series, but is equipped with 120-volt, long-life, heavy-duty AC motors and controls. The unit offers a heat capacity of 40,000 BTU/h and provides exceptional and dependable high-capacity heating.

Backed by one of the most trusted brands in the RV industry, the Park Model furnace offers exceptional, dependable, high-capacity heating. Park Model furnaces are the quiet comfort you can count on.

## ...In a Compact Cabinet

- Gasket-sealed vent assembly
